Statement of Qualifications:

As a citizen interested in the betterment of our area, I have the ability to analyze and understand issues important to the preparation and implementation of the County Fire Department master plan. Knowing the sensitivity to fire that our county has, I would ask former firefighters that I know personally how to find ways to improve the County's fire protection, rescue, and emergency medical services program can be improved and made more cost effective. Financial details are some of my strong points. With that I would be able to set budget priorities of the County Fire Department, along with specific recommendations. Further, I would find ways to support the changing role or mission of each of the volunteer fire companies, and the resulting changes in their requirements. Lastly, I would bring any other issue relating to the County's fire protection, rescue, and emergency medical services program as the committee desires to bring to the attention of the Fire Chief and Board of Supervisors.
