**CALFIRE now has a new Purchasing Authority Number to replace 9G-0616-FFP-HQ1. The new number will not expire at the end of each fiscal year, as the current number schematic does.**

**Many changes are occurring in preparation of the migration to FI\$CAL and DGS Purchasing Authority Unit (PAU) issued the new Purchasing Authority Number on February 24, 2016. The new number is set up for an indefinite purchasing authority approval (with no expiration date), unless it's revised again by the PAU.**

**Effective immediately, STD. 65s must reflect the following new Purchasing Authority Number:**

**CALFIRE-3540**
